

# CALDER HOLMES PARK QUESTIONNAIRE

Spring 2007

Calder Holmes Park, Hebden Bridge serves the local and tourist needs of Hebden Bridge and the surrounding communities. Because of the topography of the surrounding landscape public open space is in short supply, houses are literally built on top of each other on narrow streets without gardens. The relatively small park and children's playground is faced with catering for a diverse range of local needs.

Please take the time to fill in this questionnaire so that we can establish and priorities a range of improvements to this important community park
